About

Generation Female is a non-profit association set up to empower and support women leaders in their personal and professional capacities through flagship events and conferences such as the Generation Female Global Summit, as well as educational content and the establishment of a global membership network.

Our values underpin and guide the work and actions of our association.

About

Through our projects and platforms, Generation Female strives to create awareness of the gender burden shouldered by women, promote gender inclusiveness and equity, as well as combat gender-based discrimination in civil society and across different professions.

G/F

We help to build a better society by

- creating a better future for women leaders;
- expanding women's access to leadership knowledge, training and support in different areas of expertise;
- improving organizations' awareness of how to develop and support their women leaders.

We work with organisations to
address challenges relating to:
gender index, diversity and inclusion
and improve the impact companies
make on their internal and external
audiences.

We allow
companies to give
back to an
important cause
